CONCLUSION

~~~~~

Thus the conclusion of Volume three comes forth. I am not to peticularly in the mood to get on my soapbox and ramble on about the atrocities our fair and just government commits, but sufficive to say, they would make Satan proud. If you have any real feelings about anything of any importance, or of no importance, for that matter, leave 'em to me in mail on the below systems.

Don't whine about life, do something about it... Call the systems below and voice your outrage about a political system that DOESN'T WORK. Take back what is owed to you be the society which deems us criminals.

Ok, now on to the immortal greetings, given in no peticular order to a few peticular people, who are peticular about being happy...

And always remember...

The government is like life in reverse, never learning from deeds done.
